What will I learn on this course?

This introductory course is designed to prepare you for the Level 2 Cybersecurity course by familiarising you with the necessary terminology and basic knowledge. During the two sessions, you will focus on the core principles of the Level 2 curriculum. Before advancing to the Level 2 course, you will cover the following topics:

- **Understanding IT Threats:** Learn about various factors that can pose a threat to IT systems and data.
- **Identifying Vulnerabilities:** Gain insights into what constitutes a vulnerability within IT systems and how they can impact data security.
- **Protective Measures:** Explore the protective strategies and tools employed by businesses and organisations to safeguard their digital assets.
- **Ethical and Unethical Hacking:** Develop an awareness of the practices of ethical and unethical hacking and their implications for cybersecurity.

By the end of this course, you will be equipped with the basic knowledge necessary to progress towards the Level 2 Cybersecurity course and the growing digital landscape of Bury.

Additional information

- **This course is for learners enrolled on Cybersecurity Level 2.**

These courses aim to help people improve their wellbeing and gain the confidence to move into further learning and work, if appropriate. Courses offer a great starting point to develop new skills, gain confidence, improve general wellbeing or adapt to life changes.

Some courses may require a pre-course informal meeting. Before you enrol on a course, advice and information is available to help you decide on the right course for you. Contact Learner Services on 0161 253 7501 or e-mail at learner.services@bury.gov.uk.
