This creative course aims to give you the outlet to be able to express your thoughts and emotions and develop your writing skills to release your creative potential.

During this course, you will be introduced to mindful journaling and a variety of literary devices to help you to develop your writing skills for short story, poetry and factual writing purely for enjoyment and wellbeing. Through the practice of mindfulness, you will develop your awareness to promote your creative writing through a variety of writing exercises and produce a portfolio of written work that you will be proud of. You will be encouraged to write each week with your tutor providing you with writing prompts and inspiration. Come along for a fun afternoon, learning new techniques, and creating inspirational pieces that you will be proud to share with the rest of the group.

By the end of the course, you will be able to:

- Explore mindfulness to nurture the concept of 'free writing' as an introduction to beginning to write creatively.
- Produce a portfolio of work you will be proud of.
