What will I learn on this course?

This is a short course to learn the art of Tiffany-Stained Glass and will enable you to make small objects such as candle holders, light catchers and small mirrors.

By the end of the course, you will be able to:

- Cut glass safely.
- Follow a pattern.
- Solder copper or lead.

You will have the opportunity to create beautiful decorations whether you want to put it up in the house or the garden and watch that sunshine through the lovely colours you have created. You may want to give it to someone for a special gift.

Additional information

This course is not suitable for pregnant women or women that are breast feeding as they can not weld with lead for safety reasons.
